

Sexual Assault Prevention Suite

Customized to Your Institution, Personalized to Your Students

At the foundation of every positive student experience is a safe and healthy learning environment. Research shows that the most effective prevention education requires messaging that is tailored to diverse populations and delivered across the student lifecycle.

EVERFI's Sexual Assault Prevention Suite is a comprehensive education solution that engages students as they progress, fostering healthy relationships and preparing them to recognize and respond to sexual assault and harassment when it occurs.

EVERFI's Sexual Assault Prevention Suite provides educational programming for:

- First-Year Students
- Continuing Students
- Adult Learners
- Graduate Students
- Community College Students

Sexual Assault Prevention for Students

EVERFI's approach to research and curriculum development, our online platform, and robust data and benchmarking make our leading online sexual assault prevention programs a powerful cornerstone of your prevention strategy.

First-Year Students

Sexual Assault Prevention for Undergraduates enables first-year students to recognize sexual assault and harassment behavior, identify healthy and unhealthy relationship practices, and equips students with essential skills to navigate consent-based conversations and engage in bystander intervention safely.

Continuing Students

Sexual Assault Prevention for Ongoing Students empowers students beyond their first year by strengthening their consent and relationship skills, and their ability to intervene when friends engage in unsafe or unhealthy behavior. Building on students' developmental experiences, this course prepares them to navigate professional environments using realistic scenarios and increases survivor empathy through understanding the impact of trauma.

Adult Learners

Returning students and other adult learners have different relationships and experiences than traditional-aged students. *Sexual Assault Prevention for Adult Learners* emphasizes the importance of consent in long-term relationships and teaches adult learners to identify and address common forms of abuse such as financial abuse and child manipulation in personal and professional contexts. Adult learners build confidence to intervene with strategies suited for in-person and online environments.

Graduate Students

Sexual Assault Prevention for Graduate Students equips graduate students with the tools needed to navigate new and complex relationships including how to identify and respond to harassment from a faculty member or advisor, other workplace-based harassment, how to respectfully engage with undergraduate students, and how to respond to student disclosures.

Community College Students

Sexual Assault Prevention for Community Colleges addresses preventing sexual assault and harassment on campus, in the workplace, and at home. Students will learn about relationship abuse in established or long-term relationships, financial abuse, specific concerns students with children may face, and how to support loved ones who have experienced trauma.

Measurable Outcomes

Results published in the *Journal of Interpersonal Violence* demonstrate product efficacy and positive learning outcomes in core subject areas:

98% Bystander intervention ability/intent

84% Survivor Empathy & Support

75% Social Norm Perceptions

EVERFI is the leading education technology company that provides learners of all ages education for the real world, through innovative and scalable digital learning.
