

# Ignition: Digital Wellness and Safety

Introducing an updated course for the 2019-2020 school year

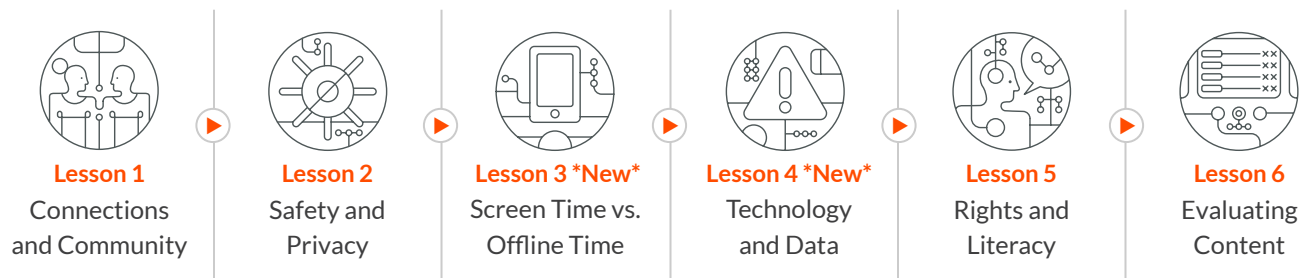

EVERFI

**Get excited!** EVERFI is launching Ignition: Digital Wellness and Safety, a reimagined and updated version of the course Ignition: Digital Literacy and Responsibility, available for the 2019-2020 school year. The refreshed Ignition course introduces new topics and activities covering critical issues for the digital health and well-being of students and avoids topics that can get quickly outdated. During this transition, we're providing this crosswalk document outlining where you can find the topics covered in the previous version of the course alongside our new content areas.
