

A background photograph of two young people, a woman with dark hair in a yellow shirt and a man with short dark hair in a maroon and white baseball-style shirt, smiling and looking at each other in a bright, modern setting with large windows.

2020-2021 Course Catalog

NO COST

Education for the Real World

EVERFI empowers educators to teach real-world skills in their classrooms. Teachers use our catalog of blended learning resources focused on skills like social-emotional learning, health and wellness, financial capability, early learning, and career readiness to bring whole child learning to life in their classrooms.

Engaging Digital Lessons

Our interactive, game-based lessons help prepare students for success in the real world. Students see real-life scenarios designed to build the skills that they will need to be successful in life.

Assessments & Reporting

Educators have access to real-time reporting on students' knowledge and growth through embedded assessments. Partner districts also receive semi-annual Impact Reports, which provide a deep dive into their district's usage and impact on student knowledge gain.

No Cost to K-12 Schools

Thanks to the generous support of our sponsoring partners, EVERFI's digital curriculum, professional development, special event opportunities, and unparalleled regional support are available at no cost to your school or district.

Key Focus Areas

Social Emotional Learning

Health and Wellness

Financial Education

Career Readiness

Partners in Education

Outstanding curriculum is only part of the solution — EVERFI also understands the importance of comprehensive support in ensuring success. EVERFI's digital course library, ongoing professional development opportunities and local educator support is always available to any school seeking solutions to better prepare their students for success beyond the classroom.

Local Support

EVERFI Schools Managers are on-the-ground support for schools across the U.S. and Canada. From email reminders to scheduled phone trainings to in-person district trainings, an EVERFI Schools Manager is here to help.

Professional Development

EVERFI provides webinars featuring subject matter experts on topics like workforce readiness, entrepreneurship, and remote learning best practices. Educators earn 1-hour continuing education certificates for live attendance.

Learning Community

EVERFI teachers can join our online Connected Educators Community, our Teacher Ambassador Program or apply for a micro credential as an EVERFI Certified Teacher.

Get Access

Available at no-cost, EVERFI's entire library of resources is readily available to schools and teachers in a self-service, easy-to-use platform that enables teachers and students to focus on learning.

Teachers can get access at everfi.com/register

Schedule a Teacher Training

Schools Managers can train educators to implement EVERFI's resources in a short professional development session. Whether it's a one-on-one phone training, a remote webinar or an in-person session, your local Schools Manager can help teachers get access, all at no cost.

EVERFI is an international technology company driving social change through education to address the most challenging issues affecting society ranging from financial wellness to prescription drug safety to career readiness and other critical topics. Founded in 2008, EVERFI powers community engagement in a sustained manner to empower individuals and organizations to make an impact within their communities and to allow educators to equip students with the skills they need for success—now and in the future. EVERFI's community engagement platform has reached more than 30 million learners globally and three out of five U.S school districts use EVERFI courses in the classroom. With the support of like-minded organizations that share EVERFI's mission, EVERFI's K-12 digital resources and professional development are available at no cost.
