1. Select the EVERFI app on your SSO homepage or district portal.

2. Already have an EVERFI account? Link your accounts when you receive the pop up by entering your email and password.

3. Select the “Explore Courses” or “Explore Catalog” button to view the available courses.

4. Select “Create Class” on the course that you would like to use with your students.

5. Select the desired section/class, answer the prompts, add any additional courses to the section/class, and click “Create.”

### Next Steps

- Students have immediate access once they log in through your district’s portal.
- The **Gradebook** tab tracks student progress (they must log in first).
- The **Resources** button hosts lesson plans, vocabulary guides, curriculum outlines and more.
- Click on the **Help** tab to find contact information for your local EVERFI Implementation Specialist.
Select the EVERFI app on your SSO homepage or district portal.

Select the “Explore Courses” or “Explore Catalog” button to view the available courses.

Select “Create Class” on the course that you would like to use with your students.

Select the desired section/class, answer the prompts, add any additional courses to the section/class, click “Create Class.”

Your class is ready! Have your students select the EVERFI app in your district’s SSO portal to get started. Students will appear in the students tab upon login.

Explore your EVERFI Teacher Center:

- The Gradebook tab tracks student progress (they must log in first).
- The Resources button hosts lesson plans, vocabulary guides, curriculum outlines and more.
- Click on the Help tab to find contact information for your local EVERFI Implementation Specialist.
Student Quick Start Guide

1. Select the EVERFI app on your SSO homepage or district portal.

2. Select your age range from the dropdown & click Next.

3. Click Create Account to complete your setup.

4. Click Start on the course your teacher assigns.

5. Already have an EVERFI account? Link your accounts by clicking on your name in the top right corner and selecting Link.

Next Steps
- Make sure your volume is on throughout the courses
- Log out at the end of class, then log back in next time and click continue
