

EVERFI K-12 Course Catalog

Education for the Real World

Teachers use our catalog of standards-aligned resources to bring whole child learning to life in their classrooms.

Key Focus Areas:

Social Emotional Learning

Health & Wellness

Financial Education

Career Readiness

Early Academic Readiness

Diversity, Equity & Inclusion

Sustainability

Engaging Digital Lessons

Our interactive, game-based lessons help prepare students for success in the real world. Students see real-life scenarios designed to build the skills that they will need to be successful in life.

Assessments & Reporting

Educators have access to real-time reporting on students' knowledge and growth through embedded assessments. Districts also receive semi-annual Impact Reports, which provide a deep dive into their district's usage and impact on student knowledge gain.

No Cost to K-12 Schools

Thanks to the generous support of our sponsoring partners, EVERFI's digital curriculum, professional development, special event opportunities, and unparalleled regional support are available at no cost to your school or district.

EVERFI K-12 Network Across North America

EVERFI empowers educators to bring real-world learning into the classroom and equip students with the skills they need for success now and in the future. EVERFI is implemented for free in schools and community organizations across North America.

No Cost and No Catch

Available at no cost thanks to partners across North America who share this mission and invest in these programs.

Real-Time Data and Reporting

Teachers and districts have access to pre- and post-assessment data. Districts receive annual reports on behavioral and attitudinal changes.

Implementation at Scale

Our dedicated regional implementation team and district support team provide professional development, training, and ongoing support throughout the year.

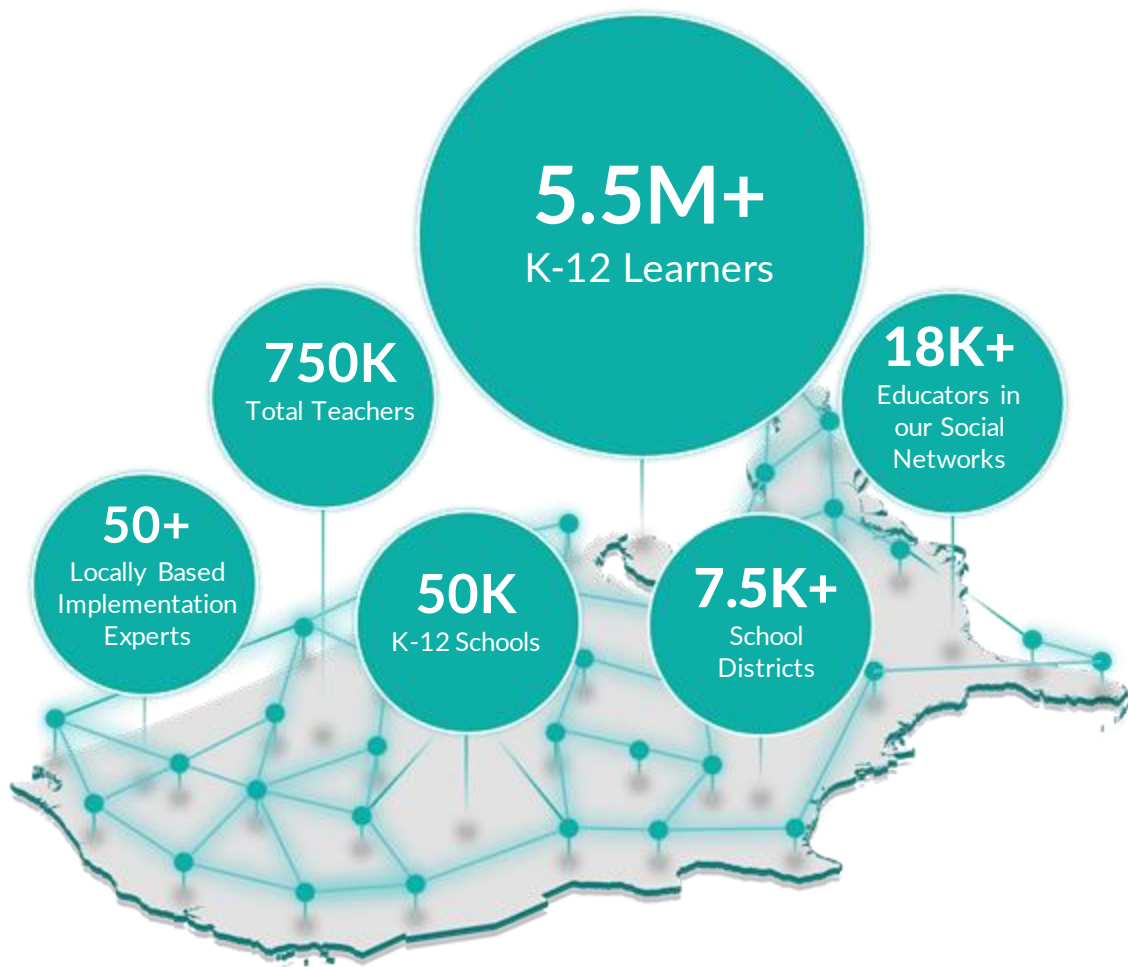

Aligned to State and National Standards

Partners in Education

Outstanding curriculum is only part of the solution. EVERFI also understands the importance of comprehensive support in ensuring success - **all provided to K-12 schools at no cost.** EVERFI supports districts and educators with a host of free services, including:

Data Analysis to Measure Impact

Twice a year EVERFI provides districts with impact reports, including detailed analysis of course usage and student knowledge gain.

Professional Development

EVERFI provides in-person trainings as well as webinars featuring subject matter experts on a variety of professional development topics. Educators earn continuing education certificates for attendance.

Educator Communities

Our social media channels, annual LearnOn conference and special Teacher Ambassador Community provide educators with a place for connection, professional development, and inspiration.

Local Support

EVERFI Implementation Specialists are on-the-ground support for schools across North America, providing help and support around using EVERFI resources in any classroom setting.

EVERFI[®] from Blackbaud

EVERFI is an international technology company driving social change through education to address the most challenging issues affecting society, ranging from mental wellness to career readiness and many other critical topics. Founded in 2008, EVERFI powers community engagement in a sustained manner to empower individuals and organizations to make an impact within their communities and to allow educators to equip students with the skills they need for success now and in the future. EVERFI's community engagement platform has reached more than 30 million learners globally and three out of five U.S. school districts use EVERFI courses in the classroom. With the support of like-minded organizations that share EVERFI's mission, EVERFI's K-12 digital resources and professional development are available at no cost.
