# Equip Students with Real-World Skills

EVERFI® provides K-12 schools with a library of free courses addressing critical topics like financial education, workforce readiness, STEM, and health & wellness. The standards-aligned curriculum is delivered through EVERFI's learning platform with built-in assessments and automatic grading to save educators' time. EVERFI is a trusted solution for a network of 750,000+ educators and 13,000+ school districts seeking to deliver the essential knowledge and skills students need to thrive in an ever-changing world.

## Benefits for District Administrators

### Curriculum Alignment

Partner with our dedicated District Success team to ensure alignment of curriculum with your scope & sequence and academic standards

### Professional Development

Schedule a district-wide professional development session across a range of relevant topics and customized to the unique needs of your district

### Data & Reporting

Review an annual Impact Report that outlines overall knowledge gain for each course implemented in your district across a school year

### Access to Exclusive Opportunities

Enhance financial wellness in your district by connecting students with career learning, scholarships, and wealth building accounts

## Trusted, High-Quality Products

### 1EdTech Data Privacy Certification

After a rigorous data privacy policy vetting process, EVERFI earned 1EdTech's Data Privacy Certification. This recognition confirms EVERFI's commitment to maintaining a high level of privacy standards.

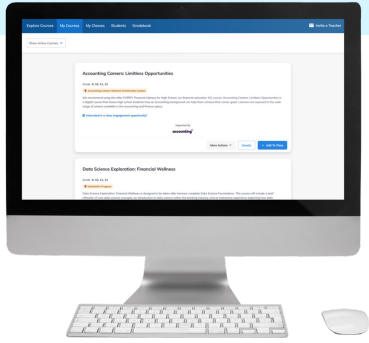

### Research-Based Learning Product Design Certification

EVERFI's content library was validated by Digital Promise to have been designed based on learning science and empirical research. All EVERFI courses readily fulfill the rigorous ESSA Level IV criteria for efficacy evidence.

# EVERFI Course List

EVERFI's **learning platform** hosts a library of free K–12 courses addressing critical real-world topics. The research-based curriculum is standards-aligned and includes both digital lessons as well as companion offline lessons to help bring the learning to life.
