

Student Activity

Productive Resources 1

NAMES _____

DATE _____

INSTRUCTIONS

Think of a small business idea and share it with your pair/group. Then, as a pair/group, choose one business you will use as an example for the activity and answer the questions based on your understanding of different types of productive resources.

Business of your choice:

Identify the **capital resources** needed for the business.

Identify the **human resources** needed for the business.

Identify the **natural resources** needed for the business.

Student Activity
